

UNIQUE EXPERIENCE

Discover your destiny in Kranj

This is a story about a city perched on a cliff. This alpine cliff with an urban vibe is embraced by the flow of two vital rivers. Here the concept of duality has always fatally stirred the imagination. In Kranj you will discover two sides of Slovenia's greatest poet.

Heads or tails? Who is it?

A city rebel and a mysterious man with a beret. The head on a Slovenian 2 euro coin. The greatest of poets and lawyers.

Follow him through the back doors of the city's most important houses and peek behind the scenes. Flip the coin and determine your destiny. Experience Kranj.
