

The Capital of the Slovenian Alps

www.visitkranj.com

Welcome to Kranj, a lively city in the heart of nature

Let's meet at the rock where Kranj was created like a balcony under the Alps. Having one foot in the city and the other in nature makes you want to sing at the top of your voice. **Kranj is the capital of the Slovenian Alps, the centre of the beautiful Gorenjska region and the cultural heart of Slovenia.**

A unique feature of Kranj is its special location; the town rises above a 30-metre deep canyon. The old town of Kranj is one of the most charming in Slovenia. At every step, you can feel the town's affection for culture and the greatest Slovenian poet, France Prešeren. His poem 'Zdravljica' (A Toast), which is also the Slovenian national anthem, celebrates friendship between all nations. Many people have travelled through Kranj during its 6000-year history. Today, the old town hosts many events and is a vivid art scene. **We invite you to explore and taste what it has to offer!**
